**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I prefer local providers to huge Corporations. They live where they offer service. I am 72 years young and live on Social Security and a small pension. My computer and my internet in one of the few joys I can afford. Going to the movies got too expensive, getting together for lunches out got too expensive. Even at 72, a person needs entertainment and education; both available on the internet for me. For me, it is a solid way to socialize. This world is a lonely place; reaching out to others, to education and to socialize with far away family is a key to my staying healthy.. Thank you,
